WORK EXPERIENCE

● Associate Software Engineer

Blastasia Inc (2023 – 2024)

- Contributing to development, feature enhancement, and bug fixing across Xamun Core and Advance Energy.

● Software Engineer 1

Blastasia Inc. (2024 – 2025)

- Contributing to the development and enhancement of key features that support the Advance-Energy and EONPharma. Focused on building robust, client-centric functionalities across the Xamun Core and Rivington-Collection projects — implementing new features, enhancing performance, and ensuring seamless user experiences through continuous improvements and effective bug resolution
- Actively contribute to Core-Deliveries projects, supporting the development and deployment of new features across both backend and frontend environments.
