Software Engineer I with 3+ years of experience in developing, enhancing, and maintaining web applications across various projects. Skilled in debugging, feature enhancement, and system maintenance with a strong focus on performance, scalability, and user experience.

Experience

2023 – PRESENT

Software Engineer I | Blastasia Inc.

- Contributed to the development and enhancement of key projects such as Xamun AI, Advance-Energy, Rivington-Collection, Interport, EON-Pharma, MWell, and Aviation.
- Assisted in implementing new features, improving existing functionalities, and maintaining overall system performance using C#, ASP.NET Web API, ASP.NET MVC, Identity Server, Angular, MS SQL, Azure Blob Storage, Bamboo, and Azure DevOps.
- Collaborated with cross-functional teams to address project requirements and deliver updates efficiently.
- Performed bug fixing, performance optimization, and UI improvements to ensure smooth and user-friendly applications.
- Utilized Git for version control and contributed to agile development sprints and code review processes.

OCTOBER 2022 – DECEMBER 2023

Trainee / Associate Software Engineer | Blastasia Inc.

- Assigned to the AIFS as part of an immersion program.
- Collaborated with senior developers to understand project architecture, coding standards and deployment process.
- Gained hands-on experience in C#, ASP.NET Web API, ASP.NET MVC, Angular, MSSQL, and Sourcetree for version control.
- Assisted in development, bug fixing, and feature enhancement tasks to support ongoing production system.

Education

JUNE 2018 – AUGUST 2022

Bachelor of Science in Information System | Biliran Province State University | P.Inocentes Street, Naval, Biliran, Naval, Philippines
